Senior talent acquisition professional with 10+ years of full-cycle recruiting across cloud, emerging technology, product management, and UX/UI design. Trusted advisor to senior leaders on talent strategy, compensation, and complex technical searches. Experienced in global expansion and acquisition integrations, generating $12M+ in career recruiting revenue.

CORE CAPABILITIES

Talent Strategy • Full-Cycle Technical Recruiting • Talent Sourcing • Executive Search • Candidate Experience • Workforce Planning • Talent Marketing • New Market Expansion • Offer Negotiation • Early-Career Talent Programs

TECHNICAL TALENT ACQUISITION EXPERIENCE

Senior Talent Acquisition Consultant | Onix | Google Cloud Premier Consulting Partner — Sep 2025 – Present

- Partner with technical and business leaders to develop hiring strategies, define specialized cloud technology roles, and align recruitment priorities with organizational growth objectives.
- Manage full-cycle recruiting across technical disciplines, including talent sourcing, candidate evaluation, interview coordination, stakeholder engagement, and hiring decisions.
- Advise hiring managers on talent availability, compensation considerations, and candidate alignment while managing concurrent requisitions and competitive talent pipelines.

Senior Talent Acquisition Partner | AllCloud | AWS Platinum Partner — Oct 2021 – Nov 2023

- Partnered with senior leaders in North America/DACH/Romania and Israel, recruiting across product management, UX/UI design, cloud architecture, engineering, technical project management, and commercial functions.
- Delivered 55+ AWS architect hires while building qualified technical talent pipelines in a highly competitive cloud market
- Aligned senior-level and VP-level searches with business priorities, translating complex requirements into actionable hiring plans.

Senior Recruiter | Hewlett Packard Enterprise | via Korn Ferry — Mar 2018 – Oct 2021

- Full Life Cycle Recruiting from req approval through onboarding - managing up to 50 technical requisitions, creating and editing job descriptions, meeting with managers, HR Business Partners and Business Compensation Managers.
- Facilitated HPE Pointnext's national internship recruiting program, supporting approximately 45 annual hires across five locations and strengthening early-career technical talent pipelines.
- Led recruiting efforts for acquired company/start-ups integration into HPE recruiting compliance- Cray, MapR, BlueData, Sytel, Aruba and Cloud Technology Partners.

Sr. Recruiter | PayPal | via Korn Ferry — Aug 2017 – Mar 2018

- Recruiting lead for PayPal Recharge Program hiring 60+ technologists in eight months while coordinating multiple searches and candidate communications.
- Managed 25-30 reqs and collaborated with Workforce Development, hiring managers and senior managers for roles such as Business Systems Analyst, Java, Sr. Software Engineer, Risk Platform Architect, Program Manager, Full Stack and Mobile Release

CONCURRENT LEADERSHIP & INDUSTRY EXPERIENCE

Graduate Assistant, Programs & Partnerships | Sports Innovation Space @ UNT — Aug 2025 – Present

- Helped launch and manage a university-affiliated sports tech innovation platform connecting international startups with industry executives, and strategic partners.
- Coordinate executive-facing programming, industry events, and stakeholder communications, including newsletters, presentations, and outreach materials.
- Collaborate with startup founders and university leadership to identify market opportunities, refine business development strategies, and facilitate industry connections.
